

Berwyn Public Library Teen Movie/Video Game Review Guidelines:

Thanks for agreeing to write a movie or video game review for us-we're so excited to share your thoughts about a movie or video game you've enjoyed with other Berwyn teens. Here's a guideline for how we'd like them to be formatted and written; when you're finished, please share your review in Google Docs format with berwynlibraryteens@gmail.com.

If you do not have access to Google Docs, you may attach the review to your e-mail as a Microsoft Word document. From there, we will edit it and post it to our teen blog! We reserve the right to refuse reviews that don't adhere to these guidelines and/or contain inappropriate content.
