Victories Greater than Death by Charlie Jane Anders **#*
Tina never worries about being ‘ordinary’. Besides being a teenager, she’s also the keeper of an interplanetary rescue beacon. She is the hidden clone of a famous alien hero, disguised as a human to give the universe a chance to defeat an evil. But when the beacon activates, it turns out that Tina’s destiny isn’t quite what she expected…

Once & Future by A.R. Capetta & Cory McCarthy #
When Ari lands on Old Earth and pulls a sword from its resting place, she is revealed to be the latest reincarnation of King Arthur. Then she meets Merlin, and together they must break the curse that keeps Arthur coming back. Their quest? Defeat the oppressive government and bring peace and equality to all humankind. No pressure.

The Sound of Stars by Alechia Dow **#
Two years ago, the Ilori invaded and caused the deaths of a third of the Earth’s population. Ellie now lives in center where music, art, and books are illegal, but she keeps a secret library. M0Rr1S was born in a lab and when he finds Ellie’s library, he’s bound to turn her in- even if he finds himself drawn to human music. Together, they embark on a road trip with books and their favorite albums to survive- and maybe save all of mankind.

M Is for Monster by Talia Dutton **
A fresh graphic novel take on the Frankenstein classic! When Frances’ sister Maura died in an accident, Frances swore she would bring her back to life. However, the creature that rises is clearly not Maura. She goes by "M" and doesn’t remember anything about Maura’s life. Frances desperately tries to trigger Maura’s memories, but M wants nothing to do with these attempts to change her into something she’s not…

On the Edge of Gone by Corinne Duyvis *
In 2035, the apocalypse has arrived in the form of a comet about to hit the earth. Denise tries desperately to care for her mother and sister, despite addiction and disappearance. A chance to leave Earth could save Denise if she can prove her worth, but what about her family?

The Getaway by Lamar Giles *
Jay is living his best life at Karloff Country, one of the world’s most famous resorts. Life isn’t so great for the outside world and as things outside get worse, the trouble starts seeping inside. Unknown to the employees, the resort has been selling shares in an end-of-the-world oasis and in order to deliver the customer service the clientele paid for, the employees will be at their total beck and call- whether they like it or not…

Sia Martinez & the Moonlit Beginning of Everything by Raquel Vasquez Gilliland *
It’s been three years since Sia’s mom disappeared and she wants to move on. She knows her mom must be dead, but every new moon she drives into the desert and lights candles to guide her mom home. Then one night, Sia’s life cracks open. Because a spacecraft crashes in front of Sia’s, and it’s carrying her mom, who’s very much alive…

The Ones We’re Meant to Find by Joan He *
Cee has been trapped on an island without any memories. Kasey lives in an eco-city built for people who need protecting from the natural disasters on the rise due to climate change. It’s been months since her sister Celia’s disappeared, and Kasey decides to retrace Celia’s last steps- though she doesn’t know where they’ll lead her…

Stranger Things by Jody Houser **##
Follow the hit TV show in this graphic novel series adaptation! When Will Byers finds himself in the Upside Down, an impossible dark parody of his own world, he’s understandably frightened. But that’s nothing compared with the fear that takes hold when he realizes what’s in that world with him…

Dread Nation by Justina Ireland **
Since the dead began to rise on Civil War battlefields, Black girls like Jane have gone to schools teaching them to protect white women from the undead. But when Jane and her rival get caught in a larger conspiracy, school will be the last thing on their minds...

Walking in Two Worlds by Wab Kinew *
Bugz is caught between two worlds: the real world, where she’s a shy Indigenous girl and the virtual world, where she is dominant in a multiplayer video game universe. Feng has been sent from China to live with his Rez doctor aunt. When they meet in person, as well as the virtual world, they relate to each other as outsiders and as gamers. But betrayal threatens everything Bugz has built in both the virtual and the real world...

A Spark of White Fire by Sangu Mandanna **
A queen sends her daughter away, an uncle steals the throne of Kali from his nephew, and an exiled prince vows to return. Raised alone and far from her home on Kali, Esmaye longs to return. When the King of Wychstar offers to gift an unbeatable warship to anyone that can win his competition, she sees her way home: she’ll enter, reveal her identity, and help her brother retrieve the crown. It’s a great plan…until it falls apart.

Kaiju No. 8 by Naoya Matsumoto ^#
With the highest kaiju rates in the world, Japan has created the Japan Defense Force, a military organization tasked with their neutralization. Kafka has always dreamed of joining the force, but when he gets a shot at achieving his dream, he undergoes a transformation. How can he fight kaiju now that he’s one himself?!

The Last 8 by Laura Pohl **
Clover has always been a survivor, which is the only reason she doesn’t die when aliens invade and destroy Earth as she knows it. When she hears a radio message, she’s shocked to learn there are other survivors—and that they’re at the former Area 51. When she arrives, the group seems more interested in hiding than fighting back, and Clover doesn’t know what to believe...or who to trust.

I Hope You Get This Message by Farah Naz Rishi *
When news stations start reporting that Earth has been contacted by a planet named Alma, the world is abuzz that the alien entity is giving mankind only seven days to live. With only seven days to face their truths and right their wrongs, Jesse, Cate, and Adeem’s paths collide even as their worlds are pulled apart.

Scythe by Neal Shusterman **
A world with no hunger, no disease, no war, no misery, no death—humanity has conquered all those things. Scythes are the only ones who can end life, and are commanded to do so to keep the population size under control. Citra and Rowan are chosen to apprentice a scythe—they must master the “art” of taking life, knowing that failure could mean losing their own.

More Happy Than Not by Adam Silvera *
Aaron’s Bronx is almost exactly like our world, except for the procedure that can help people erase their memories. As Aaron struggles to get through a family tragedy, even his girlfriend can’t comfort him; his new friend Thomas makes him feel better, but he also shows Aaron see the appeal of removing some memories...
